Shanghai University is located in China's largest city with over 18 million inhabitants, and is situated in the northwestern part of Shanghai; home to China's economic, financial, trade and transportation center. Shanghai's long history as China's leading port town makes it conveniently situated to serve as the gateway to both the West and the 21st Century. Shanghai is a large bustling metropolis that fully embraces anything western, hip and ultra-modern while also providing glimpses of its colonial past.

Shanghai is the perfect place for students wanting to share in the making of China's future. Shanghai University's world-class campuses, facilities, and faculty make it a perfect destination for students to study. The WSU-Shanghai University - Sydney Institute of Language & Commerce Exchange Programs allows Undergraduate Business students an opportunity to study abroad in China. Business students can select from a wide range of business courses, which are taught in English, and pursue opportunities to study Chinese language. The exchange can last either one or two semesters, although students are strongly urged to consider staying for two semesters if possible.
