

ITALY

Global Business Experience
May 14 - May 27, 2017

Program Goals

Join the WSU School of Business on an adventurous trip to Northern Italy. The trip will highlight Italy's most integral businesses, allowing students to participate in hand-on business collaborations with leading international corporations. Participants will spend 11 days between Turin, Florence and Naples.

In Turin, students will have a chance to explore northern Italy's business and cultural center in their free time and explore the city's cultural highlights like the Ancient Egyptian Museum, Automobile Museum and La Venaria. Participants will join the faculty leader on visits to the Fiat Chrysler EMEA Headquarters, Maserati Plant, MOPAR Spear Parts Warehouse and the Oerlikon Graziano. Students will make their way to Florence, the cradle of the European Renaissance, and focus on the rich history of the city by participating in walking tour of the city, visiting at La Galleria Degli Ufizi and in the famous Duomo. To make this program even more memorable, the group will participate in a day trip to island in Capri. Participants will complete their Italian business explorations by touring World Class Manufacturing, Lear Corporation, Adler Group Suppliers and the Magneti Marelli, a subsidiary of Fiat. Just like Turin and Florence, students will have a chance to explore the cultured city by participating in group tours to Pompeii and Napoli Sotterranea.
